CWR Monthly

December 2006

December's newsletter is designed to assist you in the following three categories:

- *Collecting and assembling the necessary information for tax preparation*
- *Reducing your 2006 tax preparation costs*
- *Ensuring the fastest turn around on your refund*

Collecting and assembling the necessary information to prepare your tax returns can be a time consuming and confusing process. Much of the expense in tax preparation has to do with your tax preparer having to repeatedly ask for information that was not made available to him/her at the time of the tax preparation engagement. This process can be simplified and can greatly reduce your tax preparation costs if you can present your tax preparer with well organized, fully tabulated financial data (with supporting documentation) that he/she can review and apply to the correct forms and schedules.

*To assist you in this process, CWR is including a comprehensive **2006 TAX ORGANIZER** with this newsletter. Completing this organizer and presenting it to your tax preparer (with the appropriate supporting documentation) will eliminate the possibility of missing deductions and will greatly reduce your overall tax preparation costs.*

*Having your tax return prepared early in the 2006 tax season and having your preparer **efile** your federal and state income tax return will also greatly reduce the turn around time on any refund due you. In fact, if you efile your return and authorize the refund to be direct deposited into your checking or savings account, you can receive your refund in as little as 18 to 28 days.*

(Key Note: The earlier in the season you file your return the less time delay there is in receiving your refund).

*Please feel free to print the attached **2006 CWR TAX ORGANIZER** and use it to assist you in collecting, assembling, tabulating, and organizing your 2006 financial data to present to your tax preparer.*

It is my hope that the use of this tax organizer will simplify your tax preparation process and will reduce your overall tax preparation costs for tax year 2006.
